# Testimonials

"Paul, I write to express our sincere thanks for the brilliant cabaret you put on for us. Your magic was very visual and so it transcended the language barriers, so our French-speaking visitors could fully share the enjoyment too."

Andrew Morton - President Elect, Rotary Club of Colchester Trinity

---

"We have used Prestige Conjuring at our corporate events to warm up our visitors prior to the start. I would certainly recommend Paul to any company putting on an event, as he will quickly get everyone relaxed and buzzing prior to, and if required, during the event. The really clever bit is that he also links and tailors his magic specifically to your event which makes a great impact which will leave a memorable and lasting impression for everyone."

Eddy Trivett - Managing Director, Softlink Solutions Ltd.

---

"You bewitched our guests with your close-up routines which received universal praise. Without doubt your magic made a wonderful evening perfect. Thank-you."

Sue & Ray Oldfield

"Thank you very much for coming to the Lionmede Wednesday Club. It was brilliant entertainment and everyone thoroughly enjoyed it, it made such a change from our usual speakers. You had us all baffled and wondering how you did it with us sitting so close - but then that's magic isn't it!"

Betty Bennett - Assistant Secretary

---

"This is just a quick note to thank you for making last night special. You are a very polished performer who has the knack of engaging so well with your audience. The way you moved amongst our tables between courses of the meal made the meal itself both different and special. Once the meal was over and you gave an insight into the history of magic, folk had already warmed to you and then when you demonstrated your skills they were duly mesmerised."

David Tysoe - President of The Rotary Club of Newmarket

---

"Amazing, I followed him around trying to work out how he did it but he is so good that it really is magic!"

Joe Smith - Sceptical Teenager!
